DIABETIC SCREENING CAMP

Bringing Preventive Healthcare
Closer to Communities

Making Preventive Care More Accessible

A health screening can be an important first step towards understanding one's health.

Through its **diabetic screening camps**, **Paavai Foundation** creates opportunities for community members to access screening, receive health awareness and take informed steps towards their well-being.

Because knowing your health is the beginning of caring for it.

Taking Healthcare Beyond the Clinic

Through Paavai Arogya & Community Connect 360, Paavai Foundation brings health screening and awareness directly into communities.

The initiative focuses on:

Accessible health screening

Community-level health awareness

Preventive healthcare practices

Encouraging informed health choices
